Main facts about Latvija.lv

State Regional
Development Agency
Republic of Latvia

The aim of the portal is to ensure quick and convenient **access to the e-services** provided by Latvian State institutions and municipalities.
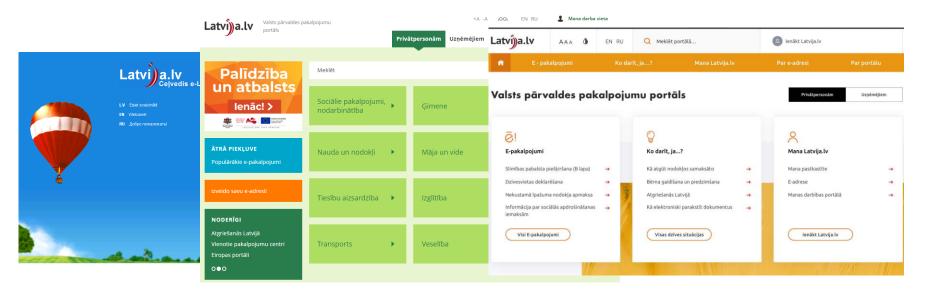

Portal created - 2006

First e-service – 2008

In Portal you may:

• find guidance on requirements (forms, documents, payments, terms etc.) and administrative procedures in order to receive public and municipal services;

• start service electronically, if it's is offered online;

• see and work in your account (write and receive e-adress messages, information about e-services execution and payments etc.).
